

## **RULES FOR THE GAME**

This game is similar to jeopardy. Please feel free to adjust this to you particular situation.

### Requirements

1. Minimum 3 people to play. Ideally 4.
2. 1 person to read question/ keep score; the other 2 participate in game.
3. Need bells or buzzer
4. Projector (display Power Point) or monitor large enough for all players to view.
5. Computer with Microsoft Power Point

### Rules

1. Answers must be in the form of a question.
2. Participates can respond with question after answer is read
3. Any wrong question the participant's score will be adversely affected based on amount of the answer.
4. Participate cannot play in final round if they have no points or they are in the negative range
5. Final Answer-participate can wager any amount they have available in the final round.
6. The person with the highest score wins the game.

### How to use Power Point

This is a Power Point but there are a few things you need know.

**Press F5 to start Power Point. This will display the presentation page. Click on answers. (100, 200, 300...) Then click for the question. After the question is completed hover over house in the right corner. Do not click. The slide will automatically go back to the original presentation page.**
